2014 - 2015

Experience Incredible Training in Incredible India!

Come to Aptech....

India and I.T.

Incredible India! An apt description for a country which is one of the biggest democracies in the world. Where centuries co-exist and the modern blends seamlessly with the ancient. Where hospitality is a tradition, and development a passion. A beauty beyond description, beyond compare. An ancient civilization, as old as history itself. India is a glittering mosaic of people of different faiths and cultures, of varying climatic zones, of greenery and deserts, rivers and mountains, modernity and tradition.

This ancient land fascinates the visitor with its size, culture, diversity, colors, scents, styles, customs, languages, architecture and geography. Home to the Indus Valley Civilization and a region of historic trade routes and vast empires, the Indian subcontinent was identified with its commercial and cultural wealth for much of its long history. With its history dating back to 3200 BC, India today is a pluralistic, multilingual, and multiethnic society. With 1500 dialects and 22 official languages, Indian culture is a rich confluence of diversities.

India is a republic consisting of 29 states and 7 union territories, with a parliamentary system of democracy. It is one of the fastest growing economies in the world.

India is a perfect combination of tradition merged with knowledge and learning. From discovering zero to mammoth leaps in Information Technology, India has always been ahead in education, which has ensured its spectacular progress in technology.

I have no words to express my gratefulness. I now have the confidence and the ability to work with different programs – without any fear and without any doubts. Aptech's training is very effective & efficient. I really enjoyed it!

ITEC/SCAAP Programme

The Indian Technical and Economic Cooperation (ITEC) programme was launched on 15th September, 1964 as a bilateral programme of assistance of the Government of India. It is the flagship programme of the Indian Government's technical cooperation effort, not only because of its wide geographical coverage but also for innovative forms of technical cooperation. ITEC is about cooperation and partnership for mutual benefit. It is focused on addressing the needs of developing countries.

The ITEC Programme, which is fully-funded by the Government of India, has evolved and grown over the years. Under ITEC and its corollary SCAAP (Special Commonwealth African Assistance Programme), 161 countries in Asia, East Europe (including former USSR), Central Asia, Africa, Latin America, the Caribbean as well as Pacific and Small Island countries are invited to share in the Indian developmental experience in various fields.

As a result of various activities under ITEC programme, there is now a visible and growing awareness among other countries about the competence of India as a provider of technical know-how and expertise as well as training opportunities, consultancy services and feasibility studies. Over the years, the technical and economic assistance programme of Ministry of External Affairs has generated immense goodwill and substantive cooperation among the developing countries.

Aptech courses are very diverse and well planned. What I like most about the programme is having participants from different parts of the world which enabled us to learn about different cultures and lifestyles. Each one of us went home with lots of new knowledge — thanks to Government of India and Aptech.

Aptech & ITEC/SCAAP: Partnering for a better future

The Ministry of External Affairs - Govt. of India, has entrusted Aptech to provide quality I.T., Multimedia & Language training to participants across the globe.

Aptech has conducted many courses for the ITEC/SCAAP participants from countries like Afghanistan, Angola, Antigua & Barbuda, Algeria, Argentina, Armenia, Azerbaijan, Bahrain, Bangladesh, Benin, Bermuda, Belarus, Bhutan, Bolivia, Botswana, Bulgaria, Burkina Faso, Burundi, Cambodia, Cameroon, Chad, Chile, Republic of Congo, Colombia, Comoros, Costa Rica, Croatia, Cuba, Czech Republic, Dominican Republic, Democratic Republic of Congo, Djibouti, East Timor, Ecuador, Egypt, EL Salvador, Estonia, Ethiopia, Fiji, Gabon, Gambia, Georgia, Ghana, Guatemala, Guinea, Guinea Bissau, Guyana, Haiti, Honduras, Hungary, Indonesia, Iran, Iraq, Ivory Coast, Jordan, Kazakhstan, Kenya, Korea, Kyrgyzstan, Lao PDR, Lebanon, Lesotho, Liberia, Libya, Lithuania, Macedonia, Madagascar, Malawi, Malaysia, Maldives, Mali, Mauritania, Mauritius, Mexico, Moldova, Mongolia, Montenegro, Morocco, Mozambique, Myanmar, Namibia, Nepal, New Guyana, Nicaragua, Niger, Nigeria, Oman, Papua New Guinea, Panama, Palestine, Peru, Philippines, Poland, Republic of Sudan, Republic of South Sudan, Romania, Russia, Senegal, Serbia, Sierra Leone, Seychelles, Slovakia, Solomon Islands, South Africa, Sri Lanka, St. Lucia, St. Vincent & Grenadines, Suriname, Swaziland, Syria, Tajikistan, Tanzania, Thailand, Togo, Tonga, Trinidad & Tobago, Tunisia, Turkey, Turkmenistan, Tuvalu, Uganda, Ukraine, Uzbekistan, Vanuatu, Venezuela, Vietnam, Yemen, Zambia & Zimbabwe to name a few.

The training which I received at Aptech will take me far. It will give us a bright future and here I speak for all my Malagasy compatriots. The teachers were wonderful and good at their subject. I learnt hundreds of things here.

Aptech & ITEC/SCAAP: Partnering for a better future

Aptech conducts its ITEC/SCAAP Programme in Delhi, the capital city of India. Delhi is a multicultural, multilingual international metropolis with excellent tourist spots & recreational facilities. Delhi has various resorts, restaurants & cafés serving a rich variety of world cuisine.

The city has a rich & colorful past going back to several centuries. Historic forts, temples, mosques & other monuments draw tourists from around the globe. The prominent landmarks in Old Delhi include the majestic Red Fort, the historical Chandni Chowk, besides Raj Ghat and Shanti Vana, the last two being memorials, constructed after India's Independence in 1947.

New Delhi, on the other hand, is a spacious, open modern city designed by Edwin Lutyens and Herbert Baker. It's notable attractions include the Rashtrapati Bhawan, the one time imperial residence of the British Viceroys; India Gate, a memorial raised in honour of the Indian soldiers martyred during the Afghan war; Qutab Minar, built by Qutub-Ud-Din Aibek of the slave Dynasty; Humayun's Tomb, a mausoleum which is a fine synthesis of Persian architecture and Indian traditions; and the Lotus-shaped Baha'i Temple. The spectacular Akshardham temple, the latest addition to Delhi's architectural wonders, is one of the biggest and most intricate places of worship ever constructed.

Participants' Speak

"My experience was amazing. I'm a Peruvian Navy officer and I have had the opportunity to travel to many countries around the world. But really, India was so different. I learnt a lot. I improved my English at Aptech. I can get commission to other countries now because my English is better than other officers!"

Juan Antonio Velezmoro Cueva,
Peru

Ishanguly Byashimovich Orazov,

"Aptech courses were very useful for me. And it is not just my view, but the opinion of many of my classmates, who were very satisfied with the training. It helped me improve my language skills, especially speaking and listening – two areas where I faced a problem. I hope more and more people get an opportunity to attend these courses."

"I enjoyed being in India & learnt a lot. The lessons were engaging and productive. Besides interesting lessons at school, we also had amazing field trips. It gave us an opportunity to interact with friends from all over the world. Getting to know other countries' culture is important for me. India's culture is diverse & beautiful. APTECH made my dream come true!"

Phan Thi Mong Tuyen,
Vietnam

Participants' Speak

"The experience of being a part of Aptech's programme has been unforgettable for each one of us. We had the opportunity to expand our knowledge, not just through the course, but the entire experience has been transcendental. Aptech provided us with great professionals who gave us a new perspective on Graphic & Web Design, I.T. Skills and English Communication. We are grateful for the knowledge you shared with us."

Alexander Diaz Velasco, Derwin Varela & Winston Castillo,
Venezuela

Yapo N'cho Aime,
